## **Must resolve Kashmir in a dignified and peaceful manner, says Pak Army Chief.**

*Dawn*, 03 February 2021

Speaking at a graduation ceremony at PAF academy, Risalpur, Gen Army Chief Qamar Bajwa said that it is time for Pakistan to extend a 'hand of peace in all directions'. However, he went on to warn that Pakistan's desire for peace should not be mistaken as a weakness. Giving reference to both Pakistan's peace credentials as well as its ability to defend itself from any sort of aggression from the neighbors, Bajwa placed the blame of deterioration of relations with India on the BJP government. Bajwa however emphasized that peace with India cannot come at the cost of Kashmir. "Pakistan and India must also resolve the longstanding issue of Jammu and Kashmir in a dignified and peaceful manner as per the aspirations of the people of Jammu and Kashmir and bring this human tragedy to its logical conclusion," he went on to say.

## **Kashmir and the bigger game**

*Op-Ed, the Nation, 19<sup>th</sup> February 2021*

The Kashmir dispute needs to be viewed not only in terms of its geopolitical significance but mostly from the view of the local human beings who continue to suffer. The complexity of the contest for Kashmir precedes the granting of nation-state status to both India and Pakistan and has resulted in the complicated and bitter contest which has caused two wars and a longstanding insurgency.

The children of the contested land are the biggest victims in this conflict. The children in Kashmir face mistreatment

on a daily basis along with the many problems of malnutrition and illnesses. The society of both the states are supposed to protect these children rather than use them for their own interests.

Inability to solve this issue has a direct effect on the Psychology of our children. No one should be the party not wanting to negotiate Kashmir.

The children in Kashmir are experiencing violence both directly and indirectly as their lives are shaped by a sense of injustice, and the susceptibility to accept violence increases with time. All these things have a negative impact on their mental health. The responsibility for standing up for future generations of Kashmir lies on all of us, when we think, write or speak, we do it to raise awareness for suffering souls. In the hopes that those higher authorities who have the power to make amends may take the right actions.

### **National charter of demands for AJK Elections 2021**

*Opinion, Parliament Times, 22 February 2021*

The 2021 elections is an opportunity to realign AJK politics along Kashmiri nationalist lines. This election should be about Kashmir, its autonomy while the status quo remains and a designed avenue for freedom in the future. In this election, people of AJK should demand protection of their language and culture. They should demand rooting out corruption and inefficiency. They should demand Kashmiri representation in the UN and all international platforms. It is shame that the people cannot even choose Chairman of Kashmir Committee or the Minister of Kashmir affairs from Kashmir itself. They should demand freedom from these crutches. They should demand efficiency from their lawmakers. They should demand regular visits from the elected members even after the election. They should demand preservation of Kashmir's history and the history of its independence movement. They should demand opportunity and rights and equality and freedom.

### **Kashmir: A Symbol of multiculturalism**

*The Nation, 23 February 2021*

Kashmir, an internationally recognized dispute even after 73 years of war and violence is nowhere close to a solution primarily because of Indian unwillingness. India has for long been trying to dissolve the issue rather than resolve it. One method they choose to do it through is constant communalization and painting of Kashmiris as fundamentalists. Thousands of years of Kashmiri history stands in contrast to this lie. The Kashmiri Muslims along with their Pundit, Sikh and Christian brethren have maintained an atmosphere of inclusiveness which continues to defeat the communal narrative. The need of the hour for the Kashmiri community is to facilitate the return of the migrant Pundits. And the international community especially the United States with its new administration to take initiative. A quadrilateral dialogue between India, Pakistan, Kashmir and the US should be

considered and the Trump policy of ignoring Kashmir needs to be shunned by the US.

### **“Kashmir is not about ‘autonomy’ or ‘minority rights. It is about Self-determination”**

*Express Tribune, 23 February 2021*

Both welcoming and criticizing the UN special rapporteur’s concerns over Indian Illegally Occupied Jammu and Kashmir, AJK President Sardar Masood Khan said that Kashmir issue has nothing to do with autonomy or minority rights as mentioned in the UN rapporteur’s statement.

“Kashmir is not about ‘Autonomy’ or ‘rights of minorities’. IIOJK is a disputed state whose people are yet to decide their future. It is a Muslim majority state, but not a part of India. We, however, welcome the statement of the UN Special Rapporteurs on the Kashmir situation.”

He also made a reference to the UN Security Council Resolutions where the Right to Self-determination has been recognized and a promise of free and fair plebiscite has been made.

### **Imran Khan’s Kashmir Strategy ‘yielding results’**

*Express Tribune, 24 February 2021*

Member of Azad Jammu Kashmir Council Sardar Mukhtar Abbasi in a press meet heaped praises on Pakistan Prime Minister Imran Khan for the manner in which he has managed the Kashmir problem since the abrupt Abrogation of IIOJK’s autonomy by the Indian government. He lauded the PM’s “constant efforts” to expose the unlawful and unilateral actions of New Delhi and said that the strategy had started to yield results.

“Fortunately, his consistent efforts have started to bear fruit which is evident from the recently expressed concerns by the UN rights experts.” Abbasi said that

the Pm and his government were equally concerned of the welfare of the people AJK as can be seen from the provision of health cards in AJK without any kind of discrimination.

### **For Peace to prevail along the LOC, the buck stops with India**

*Friday Times, 26 February 2021*

A discussion and the subsequent issuance of a joint statement by the DGMOs of India and Pakistan has come a surprise to many. But if we really analyze the situation which India finds itself in, there is nothing to be surprised about. The Indian army is stretched out given that it has to ‘hard-man’ LAC round the year after the border clashes in with China in the Galwan valley of Laddakh. There also has been a consistent international pressure on the Indian government due to the backlash it has been facing due to many unconstitutional moves it has made ranging from abrogation of Jammu and Kashmir’s autonomy to anti-Muslim citizen laws and recently the farm bills.

The Indian government thus needs to calm the situation on all the fronts that it has thoughtlessly opened. The joint statement and agreement to maintain ceasefire, while being a start can fulfill its potential only if India is willing fulfill the minimum criteria that Pakistan has set for dialogue i.e. to return the special status of Jammu and Kashmir by

reversing the August 5 move. This now can only be done through the judiciary but it is the bare minimum for any kind of peace talks between the two neighbors. The Choice is India's

The rally started at Shaheed Afzal Guru Chowk and moved towards the grave of Liaquat Awan. The tyrant Indian forces and the judicial system have always given ruthless and baseless judgments against the Kashmiri people.

Indian judges while awarding death penalty to Shaheed Afzal Guru had admitted that they don't have enough evidence to sentence him to death but still condemned him to the hallows admittedly to satisfy the "collective conscience" of the nation.

Speaking on the occasion Paasbaan-e-Hurriyat Chairman, Uzair Ahmad Ghazzali said Afzal Guru and Maqbool Bhatt were hanged by India's biased judiciary. The protestors chanted slogans against India and in favor of Kashmir's freedom from India. They were also holding banners of pro-freedom slogans

## **Kashmiri Refugees at Mang Bajri camp face acute shortage of supplies**

*Muhaasib*, 11 February 2021

Both the govt and institutions have miserably failed to solve the problems of Kashmiri refugees. The Rehabilitation department is only grabbing concessions

and funding in the name of refugees. The talk of concessions in education, healthcare and electricity were mere rhetoric. Even to get their children into govt schools, refugees have to pay heavy sums of money as fees.

These complaints were made by a delegation of refugees in their interaction with journalists. This delegation told the journalists that Rehabilitation department's work is limited to photo sessions at the refugee camps. In the Mang Bajri refugee camp, 450 people have no facilities for maintenance of general health and that is causing the refugees a huge number of problems
