### **‘Pasban-e-Hurriyat appeals to masses to join Rallies on Right to Self-Determination Day’**

*Daily Parliament Times, December 28, 2021*

The chairman of Pasban-e-Hurriyat, Uzair Ahmad Ghazali said that 5th January has significant importance in history, particularly for the people of Kashmir. While talking to media representatives, he said that on 05 January 1949, United Nations (UN) promised the people of Jammu and Kashmir their “right to self-determination” following the UN resolutions. He maintained that on 5th January 2022, “we will conduct rallies and protest processions to seek attention on this longest pending dispute at UN.” He further noted that it is the basic right of the Kashmiri people to determine their “political future” peacefully.

Ghazali further added that the “people on both sides of the ceasefire line will protest against India's illegal military occupation, killing of the youth, burning of residential houses and arrests of unarmed civilians.” During the meeting, the vice-chairman of Pasban-e-Hurriyat, Usman Ali Hashim said that all the regions and people across the state have to play their individual and collective role in

highlighting the plight of people in “Indian Illegally Occupied Jammu and Kashmir (IIOJ&K).”

The representatives of Pasban-e-Hurriyat appealed government of “Azad Kashmir”, political and religious parties along with their followers to come out on January 05 to raise the demand for the right to “self-determination” and seek international community attention on the “deteriorating human right situation in occupied Kashmir.”

### **Role of base camp government in critical situation shows great concern: Umair Pervez**

*Daily Parliament Times, December 29, 2021*

The Jammu Kashmir People’s Party (JKPP) central leader Sardar Umair Pervez Khan has said that “India is committing atrocities in occupied Kashmir” on daily basis and in this situation neglecting “Kashmir dispute” in the recently concluded Organization of Islamic Cooperation (OIC) session by the government of Pakistan is a major concern.

He stressed that the “Kashmiris are fighting for the ideology of Pakistan by sacrificing their lives” but the present rulers of Pakistan are unaware of this. He noted that the role of the base camp government in this situation is also of great concern. He further noted that the Prime Minister (PM) of “Azad Kashmir” will go so far in flattering the rulers sitting in Islamabad and does not even realize that he is the

representative of 1.5 crores Kashmiris. The PM of “Azad Kashmir” is only trying to save his job, he thinks tehsil Abbaspur is the whole of Kashmir and his bradri (community) is his total population of Kashmir. He lamented that it needs to be understood that the “Kashmir issue” is not just a border dispute between India and Pakistan but an issue of self-determination of 1.5 crore Kashmiris as reflected in the United Nations (UN) resolutions.

parts of AJK. He directed the advocate general to ascertain “who was performing behind the curtain to weak out our stance at this significant turn of Kashmir issue.” The president of AJK urged the advocate general to take strict action against all those who are responsible so that the people of AJK could also understand which elements intended to resort to harming the Kashmir issue at this juncture.
